1 PURPOSE

The purpose of this document is to provide staff and external stakeholders with a guide to the College's fee systems, including the processing of payments, post-payment adjustments, the calculation and administration of refunds and the assessment of entitlement to fee remission. The document also acts as a reference point for staff involved in fees calculation, monitoring and administration.

2 AIM

To explain how fees apply to each course delivered across the College.

3 INTRODUCTION

The Fees Policy is subject to a minimum of one full review per annum. This review is normally conducted each February/March to coincide with the annual setting and publication of the College's course fees. It may be necessary to arrange further reviews to ensure conformity to evolving legislative requirements. The review process in all cases is steered and co-ordinated by the Managing Director (Education and Training Delivery) and Group Head of Information Services who will decide, after due consultation with other members of the Execs Group, on the necessary contributors to that process.

Details on a wide range of support that is available to fund learning can be found on the College's Students Service's pages of the College web site at:

<http://www.lincolncollege.ac.uk/support/money-matters>

SECTION A

STANDARD COURSE FEES

4 SCOPE

This section of the policy relates only to fees for standard courses, as published annually by Information Services in its Standard Course Fees List. It does not apply to the following groups:

- International students who are ineligible for public funding (Section E)
- Higher Education (HE) Courses (Section F)
- Workplace Learning programmes (Apprenticeships and other workplace delivery) (Section G)
- Courses or delivery not attracting public subsidy (Section H)
- Contractual arrangements with external agencies

- Fees devised or negotiated to address special circumstances or needs of individual client groups
- Courses of study which are fully or partially self-funded (Section H)
- Adult Learning Loans (Section C)

5 DEFINITIONS

A course is defined as a component within a programme of study leading to the award of a qualification(s) or College certificate(s). A programme of study may be made up of several courses.

Fees are defined as all monies payable, by either a student or third party (for example an employer or other sponsor), in return for course delivery. Fees shall be paid at the start of each year of the course.

6 STANDARD FEE STRUCTURE

- 6.1 All course fees comprise of a maximum of three elements: tuition fees, sundry teaching costs, and examination and/or registration fees. Such course fees are summarised in a standard fee list published by Information Services which constitutes an auditable document.
- 6.2 Tuition fees comprise of the standard individualised cost of course delivery.
- 6.3 Sundry teaching costs include the cost of all essential materials and equipment, together with any other essential expenses such as payments for residential weekends, educational visits, and any course-related services provided by the College.
- 6.4 Examination and registration fees reflect the cost to the College of registering students with Awarding Bodies.
- 6.5 Fees charged to the groups subject to exclusion in Section 1 will vary significantly from the standard rates and are covered in sections E to H.
- 6.6 In 2016/17 all FE fees will be approximately 50% of the SFA unweighted matrix rate for the qualification. Any deviation from this must be authorised by a Director of Education and Training.
- 6.7 In line with the EFA's conditions of funding fees are not payable by any home students aged 16-18 in full time or part time further education regardless of funding status. Further guidance on what charges can be levied for 16-18 year olds can be found in the EFA Funding Guidance.
- 6.8 All fees must be paid in full when enrolling, except when paying by an instalment plan (see section D), employer/sponsor invoice and those funded through Student Finance England (SFE) for Adult Learning Loans or HE. A further exception is HE students paying their fees via

an SFE maintenance loan who must pay within 7 days of enrolment or will be withdrawn.

- 6.9 Where students continue beyond their expected end date and further teaching has taken place, the College may charge an additional appropriate fee. The student will be given a non standard fees form, completed by the tutor and will pay the additional fee at the enrolment counter (this will not apply to those students meeting fee remission criteria).
- 6.10 Exam resits are chargeable for all students regardless of age with the exception of Functional Skills. Employers are expected to pay for resit fees on behalf of their Apprentice.

7 FUNCTIONAL RESPONSIBILITY

- 7.1 Heads are responsible for checking the fees for all of their courses and suggesting any proposed amendments to their Director of Education and Training. This includes any proposals to charge fees below the rates set out in paragraph 6.6 and any proposed fee waivers/fee reductions not covered by SFA Fee Remission categories. The College reserves the right to vary fees in year in the light of competition and cases for altering fees in year should be approved by the Director of Education and Training.
- 7.2 The Director of Education and Training, in consultation as necessary with the Managing Director (E&TD), has the sole executive authority to approve and, where appropriate, amend such fees. All amendments require signed authorisation in order to satisfy audit requirements.
- 7.3 Directors of Education and Training, Heads of Units and their staff are required to update Curriculum Planning sheets in respect of all approved qualifications. New courses outside of the curriculum planning process are set up using Course Setup forms. Courses with no set fee or a fee which deviates from agreed rates will not be processed by Information Services staff unless approval is received by Director of Education and Training. No enrolments will be accepted by the Enrolments Team until the course has been setup using one of the above methods. In addition, Course Setup Forms will only be processed for new courses if they have a New Programmes Approval code, indicating that delivery of the qualification has approval from the Quality Team.
- 7.4 The Group Head of Information Services is responsible for disseminating details of all approved course fees to every department of the College in line with the agreed curriculum planning schedule.
- 7.5 Responsibility for providing informal details of course fees to external enquirers resides with School and Unit Administrators (for their own area) and the Enrolments Team, Information Services, Marketing and Student Services staff. Directors of School and Heads should take a

lead in ensuring that administrators have the appropriate information to fulfil this task.

- 7.6 All formal written fee quotations must be sanctioned by a member of the Exec Team, the appropriate Director of Education and Training or Head of Unit, or the Group Head of Information Services.
- 7.7 Variations to the standard fee chargeable to a student or sponsoring agency, for a course delivered in strict accordance with the details supplied on the Course Setup Form may, in exceptional circumstances, be made by a Director of Education and Training or member of the Exec Team.
- 7.8 Adjustments to the fees charged to individuals, for example to compensate for a variation in hours or method of delivery may, with the approval of the Director of Education and Training or appropriate member of the Exec Team, be made by School/Unit staff using a Non Standard Fees Form. Where such instances are no longer exceptional paragraph 7.7 will apply. If it becomes necessary to set up a new instance of a qualification the Group Head of Information Services (or his/her nominated deputy) will advise a Director of Education and Training or Head of Unit of the need for a new Course Setup Form. Any significant proposed variance to the formula used to calculate the original fee for the learning aim will require the endorsement of the Execs Group. *Note that any variation in the guided learning hours attributed to a qualification offered by different areas of the College can have an adverse impact on course viability.*
- 7.9 The Managing Director (E&TD) is responsible for arranging for the collection of all standard course fees from both students and third parties. The responsibility to pursue bad debts in accordance with the College's Financial Regulations is the responsibility of the Director of Finance and Performance.
- 7.10 Requests for refunds of fees are normally dealt with by the Director of Student Services (or his/her nominated deputy) in accordance with the Instalments and Refunds section of this policy. Any refunds made outside the scope of this policy require the written endorsement of a member of the Exec Team.
- 7.11 The Managing Director (E&TD) is responsible for establishing all fee arrangements lying outside the scope of this section covering Standard FE Course Fees Policy, ie International, HE, WBL and courses not receiving public subsidy which are covered in sections E to H.

14 REFUNDS

14.1 Scope

This section of the policy relates to all refunds issued by the College in respect of course fees.

Refunds in respect of other payments to the College are dealt with in the College's Financial Regulations.

14.2 Eligibility

Refunds will normally only be issued to students (or their sponsors) in the following circumstances:

- After a course is cancelled by the College.

- Where a student is prevented by ill health from continuing to attend a course providing (1) that he/she has not attended any sessions during the final term's study, and (2) corroborative medical evidence is submitted.
- Where a student is overcharged for his/her course.
- Where a student transfers between College courses on academic grounds and there exists a price differential between the two courses necessitating a refund.
- Where a student withdraws from a course before the commencement of the final term's study for a reason not specified in this section. This will be in exceptional circumstances only and deemed so by the Director of Student Services or his/her deputy. Refunds issued in accordance with this aspect of the policy are not to be considered as establishing precedents.
- Where appropriate in response to an upheld significant complaint about a course as judged by a Director of Education and Training.

In all of the instances referred to above a refund will only be approved:

- After the student (or sponsor) has completed an official College refund application form unless a course is cancelled by the College in which case a refund will be paid automatically.
- If application is submitted no later than the last day of the term following the student's cessation of attendance or change in status.

14.3 Scale of Refund

- Refunds are only obtainable in respect of fee payments actually made by the student (or sponsor) and not in respect of any third party contribution towards fees. Moreover, in all of the paragraphs which follow it is pre-supposed that the third party contribution in its entirety has been subtracted from the total fees paid by the student before the degree of entitlement to refund is calculated.
- When a student's course is cancelled by the College the student shall be entitled to a full refund of all fees paid.
- A student who withdraws before the end of a course, as described under above, shall be entitled to receive a refund equivalent to all the costs associated with any complete terms of study remaining on the course.
- A student who is overcharged shall be entitled to receive a refund equivalent to the full amount of the overpayment.

- A student who transfers between courses on academic grounds where a price differential exists shall be entitled to a refund equivalent to the full amount of the price differential taking into account all the costs already incurred in relation to the student's original course.
- A student's eligibility for fee remission is assessed at the start of each course. If circumstances change after they have commenced their course this does not affect their entitlement or otherwise to fee remission and no refunds will be given in these circumstances.
- Examination and/or registration fees will only be refunded when the College has not incurred any expenses in relation to examination entries or registrations on behalf of the student.

14.4 Administration

- Refund applications should be submitted on an official College refund application form.
- The Director of Student Services (or his/her nominated deputy) is responsible for determining a student's eligibility for a refund in accordance with this policy.
- The Director of Student Services (or his/her nominated deputy) is responsible for calculating the level of any refunds due.
- The Director of Finance and Performance (or, in his/her absence the Managing Director (E&TD)) shall have the authority to authorise the refund and arrange for its payment.
- Students whose refund applications are refused due to not meeting the criteria will be notified of this in writing by the Director of Student Services or his/her deputy and full payment of fees are due, regardless of payment method.
- Copies of all refund applications shall be lodged in the Enrolments Team and Finance Department, with a further copy being retained by the student if desired.

- 15.2 Where fees are being paid by a loan, payments will need to be confirmed six weeks from the student enrolment date. After six weeks student details / costs will be given to the Group Financial Controller to enable invoices to be sent to the student for fees. Failure to pay within 30 days of invoice will result in the student being suspended from class. Notification will be sent to the Learning/Training and Skills Lead to suspend the student accordingly.
- 15.3 Students who fail to pay fees, no matter their mode or length of attendance and proposed method of payment, will be charged the amount that the College should have received from Student Finance England/Student Loans Company. SECTION H

25 FEES FOR COURSES NOT ATTRACTING PUBLIC SUBSIDY

- 25.1 This section covers what is often termed full cost work and contracts to provide training directly to individuals, employers or external managing agencies such as CITB/JTL etc.
- 25.2 Where the College enters into an arrangement to provide education and training services that will not attract public subsidy (non SFA, HEFCE, ESF, or other public funding) the College will normally seek to charge a fee(s) that cover the direct costs of delivery and preparation (to include as a minimum the following costs: labour, materials, exam, Internal Quality Assurer (IQA), External Quality Assurer (EQA), travel and room/venue costs) plus an appropriate (ideally 40%) contribution to overheads that allows the College to deliver quality provision that meets the needs of the client group and allows for future investment into College services.
- 25.3 The above must be taken into account when considering setting full cost fees but as a rule the College will charge fees competitive with what the market will bear.
- 25.4 Staff should not go below the above rates unless written agreement is sought and given by the Managing Director (E&TD). Similarly where the College enters into an arrangement that requires it to provide services in exchange for a grant other than the core funding streams, this must be declared to the Managing Director (E&TD).
- 25.5 In all cases and in line with Financial Regulations approval must be sought and given prior to entering into such arrangements and all fees are payable in advance unless approval is given.
